According to this, the Forest Service is reopening the "Review Period" for the Final EIS. It is not clear from this notice whether or not this means that the public objection period is also being reopened (my guess is that it is not, but I need to confirm that. Regardless, the objection process only applies to members of the public who wish to object, not to other federal agencies). The notice above says nothing about the revised draft ROD. I've asked Carol to also search for the Forest Service's own FR notice.
